Shopping

Most tourists are particularly interested in carpets, handicrafts, jewellery, readymade garments and leather goods. Don't get taken by touts or smooth talking salesmen. It is best to buy expensive goods only from the more established shops and official Indian Government outlets. Do visit the local bazaars, however, for unusual bargains at throw away prices.

The main shopping centers of New Delhi are: Central Cottage Industries Emporium on Janpath, and State Emporia on Baba Kharak Singh Marg (both in the centre of Delhi).

There are restrictions on the export of antiquities and art objects more than 100 years old. To ascertain whether purchases are antiquities or not, consult Director, Antiquities, Archaeological Survey, Janpath, New Delhi, tel. 301-7920.

Export of most wildlife and their products is prohibited or strictly regulated; therefore generally avoid buying anything made of ivory, reptile skin, tortoise shells, and any part of wild animals.

**publications of the
international sociological
association**

Each issue of this unique journal is devoted to a comprehensive 'Trend Report' on a topic of interest to the international community of sociologists. Authors review current trends and tendencies in all areas of sociological work - theories, methods, concepts, substantive research and national or regional developments. The aim is to review new developments, to discuss controversies, and to provide extensive bibliographies. From time to time, 'Commentaries on Trend Reports' are published in subsequent issues of the journal. Recent reports have focused on industrial and post-industrial sociology, the sociology of humour, agrarian relations and modes of production in the Middle East, sex roles, and inequalities of class and sex.

Issues are published in French or English, but a text in one language is always accompanied by an extensive resume in the other. CURRENT SOCIOLOGY is an official journal of the International Sociological Association. Its main aim is to review international developments in the discipline and to provide a forum from which professional sociologists from all countries can communicate with the widest group of colleagues.

LA SOCIOLOGIE CONTEMPORAINE est une revue unique en son genre. Chaque numéro est consacré exclusivement à la présentation d'un rapport-synthèse sur la recherche dans un champ ou sur un thème sociologique en particulier. Ces rapports-synthèse sont conçus de manière à ce que chaque numéro de la Revue puisse être intéressant pour des sociologues travaillant à l'intérieur d'un large éventail de champs spécialisés puisqu'ils mettent l'accent sur les concepts, les théories, les problèmes et les méthodes. Ces rapports-synthèse fournissent une vue d'ensemble en discutant des recherches les plus importantes réalisées sur le thème choisi à travers le monde, et en présentant une bibliographie sélective des travaux des principaux auteurs sur la scène internationale. Tout en synthétisant les contenus et en contribuant à la clarification conceptuelle, ces rapports se veulent un forum où des démarches méthodologiques et théoriques peuvent être évaluées et des nouvelles orientations signalées. En tant que publication officielle de l'A.I.S., le but principal de la revue LA SOCIOLOGIE CONTEMPORAINE est de rendre compte des développements internationaux de la discipline et d'encourager les sociologues de métier de tous les pays à entrer en contact et à communiquer avec le plus grand nombre possible de collègues.

INTERNATIONAL SOCIOLOGY

JOURNAL OF THE INTERNATIONAL SOCIOLOGICAL ASSOCIATION
ASSOCIATION INTERNATIONALE DE SOCIOLOGIE

A recently established journal of the ISA publishes papers which deserve world-wide circulation and which reflect the research and interests of the international community of sociologists. All branches of the discipline and all regions of the world are represented in its pages.

The journal provides a publication opportunity for papers with international, cross-cultural and comparative interest, where the results of work in one location or field are worth conveying to sociologists in the world at large and in many fields. It is intended that the journal should be representative of widely different orientations and national and cultural backgrounds.

It is published four times a year, in the English language, but papers first written in other languages can be considered for translation if the Editor receives an English summary with the text.

Papers to be considered for publication should be sent to:

Martin Albrow, Editor
University College
P.O. Box 78
Cardiff CF1 1XL
United Kingdom

Guidelines for contributors:

1. Contributions are considered for publication only on the understanding that they are not simultaneously under consideration elsewhere, that they are the original work of the author(s), and that any previous form of publication is disclosed. Copyright is retained by the author, but the Journal is licensed to reprint.
2. Standard length of papers is 6000 words, but shorter contributions are also welcomed. They should be typed, double spaced on one side of paper with margins of 3 cm.
3. Two copies should be submitted (although one will be sufficient). They will not normally be returned, so authors should ensure they keep a copy.
4. Title, author's name, full address and brief biographical note should be typed on a separate sheet.
5. An abstract of 100-200 words should also be typed on a separate sheet.
6. Figures, maps and diagrams should be precisely and boldly drawn to permit photographic reproduction. Use single quotation marks (except for quotes within quotes).

7. Notes should appear at the end of the text. Referencing in the text should be as follows: (Archer 1982: 157)
The recommended style for the bibliography is:
Archer, Margaret S. ed. 1982. The Sociology of Educational Expansion. London: Sage
Sayad, Abdelmalek 1984. 'Tendances et Courants des Publications en Sciences Sociales sur l'Immigration en France depuis 1960'. Current Sociology 32: 219-304
8. Edited word-processed copy will be sent to the author for checking, but proofs will be corrected by the Editor.
9. Authors receive 25 offprints free of charge.

SAGE Studies in International Sociology

sponsored by the International Sociological Association/ISA

This Series was established by the ISA in 1974 in place of the transactions of World Congresses of Sociology, which had been published since the Association's foundation in 1949.

The Series contains topical volumes based on work presented in the various sessions of World Congresses and reflecting the scientific activities of the ISA's Research Committees.

The books contain a selection of papers chosen for their scientific quality, their international representativeness and their relevance to the various debates currently taking place in the discipline.
