GUIDELINES TO FILL THE FORM

The form is divided into two sections:

1. ISA membership

ISA membership fees cover a 4 calendar year period (January 1 - December 31) and include an on-line subscription to both ISA journals: Current Sociology and International Sociology. Journals can be accessed through ISA web site from the SAGE Sociology Full Text Collection. If, however, you prefer to receive one of the journals in print, mark the appropriate box below. A discount price is available for ISA members who choose a print subscription to both journals.

Membership fees are divided into 3 categories, A, B and C, according to the Gross National Income of the economy of countries. Please identify the category in which the economy of your country of residence is classified and pay the membership fee corresponding to this category.

Life membership is available after 65; a copy of identity documentation showing birth date is required. Life members pay a membership fee of USD 300 once and have an on-line subscription to both ISA journals. A price of print subscription to one of the ISA journals is USD 80 for four years. A discount price is available for print subscription to both journals.

Students (PhD students included) are requested to send a copy of their student card or another official confirmation of their status. ISA affiliation fee depends on the country where the student realizes his/her studies in the current year.

2. Affiliation to Research Committees, Working and Thematic Groups

Affiliation fees to join Research Committees, Working and Thematic Groups cover a 4-year period. ISA members wishing to join any of the Committees and Groups (listed in section 2) shall add up the corresponding fee. Please note some discount fees are available for students in all countries and members residing in countries with economies classified in category B and C.

The table of economies by categories can be found on the last page of the membership form.
