### CLINICAL SOCIOLOGY CONFERENCE IN MADRID

The International Sociological Association's (ISA) RC46 Clinical Sociology will meet in Madrid from March 16 to 19, 2013. The title of the conference is "**Clinical Sociology: Improving Lives and Communities through Analysis and Intervention.**"

The organizations cooperating with the ISA's RC46 Clinical Sociology in the development of this conference are the political science and sociology faculty of Complutense University/Facultad de Ciencias Políticas y Sociología de la Universidad Complutense de Madrid, GISOF (Grupo de Investigación Socialización y Futuro/Sociology and Future Research Group), the Madrid regional government, the Professional Association for Sociologists and Political Scientists in Spain/Ilustre Colegio de Doctores y Licenciados en Ciencias Políticas y Sociología (ColPolSoc), the Clinical Sociology Commission of ColPolSoc (Comisión de Sociología Clínica del ColPolSoc) and the Spanish Sociological Association/Federación Española de Sociología.

The local organizing committee representatives soon will be providing hotel information. As soon as we have that information, we will be sending it to you. We also are looking at the financial arrangements for the meeting in order to keep the registration cost as low as possible. In addition, we are trying to arrange for a display of books. We are working with the local organizing committee representatives on that as well.

Here is our conference program. Please check the complete listing as changes have been made to the program. (Board members should note that they may have been asked to chair new sessions.) If you find there is an error in the program regarding your presentation or you can no longer attend, please contact (at the earliest moment) our vice president for program, Tina Uys, at [tuys@uj.ac.za](mailto:tuys@uj.ac.za). If you find that you now are able to attend and would like to give a presentation, please also contact Tina Uys. She will see if there is a possibility of adding your presentation to the program.
