2. Tool: ZOOM Webinar
3. Co-organizers: (TBD)
4. Endorsement: ISC/ IGES/ United Nations Information Center, Tokyo
5. Theme: Social Inclusion in the Global Era
—Sustainable post-COVID-19 Society—

While progress in globalization and digitization of the international community has brought about economic development, people's anxiety and dissatisfaction with rapid social change are also increasing. We believe that in order to solve such complex and multi-layered problems, it is important to construct an inclusive growth model in which a system for socially respecting people's diverse ways of life is built in. Through the discussion in this conference, we will look to an inclusive and sustainable future society in the global era.
